# KPI Card

Full Version · Free

Terms of Service · Tableau Viz Extension · Developed by Giannis Zonia

**By using KPI Card, you agree to these terms.**

These Terms of Service govern your use of KPI Card, a free Tableau Viz Extension. Please read them carefully before using the extension.

## ABOUT KPI CARD

Stop spending hours formatting and creating the same calculations every time. KPI Card turns a measure and a date field into a stunning, fully interactive KPI card in seconds — with zero manual setup. Just drag, drop, done. Supports 8 widget types: KPI Summary, YTD Scorecard, Bar Chart, Line Chart, Waterfall, Radial Bar, Funnel Chart, and Divider Line. Every element is fully customizable through a built-in formatting panel with support for multi-page layouts, dark and light themes, custom deltas, target tracking, and more.

KPI Card runs entirely within your environment. It never transmits, stores, or has any access to your data. What you see on screen stays on screen.

KPI Card is provided completely free of charge. There are no paid tiers, subscriptions, or hidden fees.

## ACCEPTABLE USE

KPI Card is intended for use within Tableau Desktop, Tableau Server, and Tableau Cloud as a Viz Extension. By using KPI Card, you agree to:

- Use the extension only for its intended purpose within Tableau
- Not attempt to reverse engineer, modify, or redistribute the extension
- Not use the extension in any way that violates applicable laws or regulations

· Not attempt to circumvent any security or sandbox restrictions imposed by Tableau

## NO WARRANTY

KPI Card is provided "as is" without warranty of any kind, express or implied. The developer makes no guarantees regarding the accuracy, reliability, availability, or fitness of the extension for any particular purpose.

The developer is not liable for any damages, data loss, or disruptions arising from the use or inability to use KPI Card.

## DATA & PRIVACY

KPI Card does not collect, store, or transmit any user data. All data displayed within the extension comes directly from your Tableau environment and never leaves it. For full details, refer to the KPI Card Privacy Policy.

## UPDATES & CHANGES

The developer reserves the right to update, modify, or discontinue KPI Card at any time without prior notice. Updated versions of these Terms of Service will be made available through the same channel as this document.

Continued use of KPI Card following any updates constitutes your acceptance of the revised terms.

## INTELLECTUAL PROPERTY

KPI Card and all associated assets remain the intellectual property of Giannis Zonia. Redistribution, resale, or rebranding of the extension in any form is not permitted without explicit written consent.
